Join Oregon APA

RELEVANT RESOURCES
BETTER PLANNERS
EXCEPTIONAL COMMUNITIES
**PLANNING IS CHALLENGING**

Urban growth, community change and conflict, unpredictable politics, scarce funding, changing economics, climate, and a constant stream of new technologies. Don’t try to manage all these challenges alone, join the Oregon Chapter of the American Planning Association today.

With over 900 members, OAPA is committed to keeping Oregon’s professional planners prepared to succeed in an ever-evolving profession.

> Getting involved with OAPA early in my Oregon planning career was invaluable. Having come from out-of-state, access to OAPA’s Oregon-specific planning resources really helped me get my bearings. I still rely on my network of professional planners established in those first few years as an active OAPA member and volunteer.

- Karl, member since 2000

Check [www.oregonapa.org](http://www.oregonapa.org) for current activities and opportunities to participate.

**MAJOR ACTIVITIES AND COMMITTEES**

OAPA’s conferences, workshops, newsletter, and volunteer activities provide vital links with others working in the planning field. OAPA benefits from a high degree of participation of its members. The Chapter relies on member participation in its diverse array of activities, including the following key committees:

**The Legislative and Policy Affairs Committee** is responsible for developing and implementing the Chapter’s legislative and policy action program. LPAC tracks planning related bills every state legislative session. LPAC also tracks and comments on non-legislative national, state, and local policy activities. (Chair: Damian Syrnyk, AICP)

**The Professional Development Committee** provides continuing education opportunities for OAPA members, offering training events around the state each year geared towards both professional planners and planning commissioners. PDC supports members in earning and maintaining their AICP certification, offering numerous CM-eligible activities, including required legal and ethics education. PDC also partners with allied organizations to co-sponsor events that may be of interest to OAPA members. (Chair: Aaron Ray, AICP)

**The Education and Outreach Committee** works on a variety of projects and programs to help our members reach out to their communities, including elected officials, neighborhood and other community groups, teachers and students, etc., about why planning matters and how to get involved. (Chair: Brian Campbell, FAICP)

**The Emerging Planners Group** organizes events and activities intended to provide career growth and networking opportunities for OAPA members who are new to the planning field. All OAPA members are encouraged to participate in EPG initiatives, particularly those that involve mentorship and training opportunities for EPG members. EPG also facilitates the highly successful OAPA Mentorship Program. (Chair: Anna Dearman)

The value of OAPA is meeting folks from the planning world in related disciplines, understanding the broader network of people outside of your focus area, and gaining exposure to different career paths and opportunities in both the public and private sectors.

- Drew, member since 2014
MEMBERSHIP BENEFITS

• Discounts on conferences and workshops held around the state
• Regular email updates on chapter activities, the OAPA newsletter blog and the Oregon Planners’ Journal, published 3 to 4 times a year
